STUDENT HEALTH PROGRAMME

School Health programme is a unique outreach programme for early childhood care. The children are most vulnerable to morbidity such as Malnutrition, Worm Infestation, Skin, Eye and Dental diseases. School Health Programme covers students from Pre- Primary level to Higher secondary level.

A well planned and executed student health Programme provides complete healthcare and identifies the congenital defects, eye defects, dental defects, worm infestations, anemia, vitamin deficiencies and major physical defects. After detailed medical examination prompt references are made to the Specialist for rectification and providing a proper healthcare at the earliest stages.

1. Monitoring of the regular Annual Student Health checks up in all schools, Importance of maintaining of the Student Health record has been insisted.

2. Medical fitness certificate issued to all school students for higher studies. Proper weight and height check up was done and health education was given to all students regarding BMI, Personnel hygiene and healthy life style.

3. NOC has been given to eligible education institute after verifying of all facilities available.

4. Sanitary certificates were issued to all private & Govt. education Institutions in Puducherry. After inspection, all educational institution, are instructed to ensure safe drinking water and to maintain the sanitation in good condition by providing running water supply in urinals & toilets and also providing wash basin with soap facilities. Whenever any lapses notified during the inspection of Education institute, follow up action should be carried out by SHO for the correction of the lapses.

5. Education institutes are instructed to co-ordinate with Health Department in implementation all the National Health Programmes and also notification of the infectious diseases and coordinate with rapid response team in case of Natural Calamities.
