HOSPITAL ADMINISTRATION CHART

HOSPITAL ADMINISTRATION

4. HOSPITAL SERVICES

4. A. EMERGENCY SERVICES

The hospital is equipped with emergency services round the clock and is functional at the Casualty block near the main gate for ease of accessibility. Trained Medical Officers, Nursing Staffs are engaged in Casualty to deliver state of Art Emergency care.

Emergency Wards, Intensive Coronary Care Unit and Intensive Medical Care Unit, Burns & Trauma wards are available to receive and treat patients who are critically ill warranting emergency admissions.

Patients attending Casualty who do not require Emergency Care are administered drugs for one day and suitably advised to attend OPD on the following day.

The casualty is headed by one Medical Officer in Charge. The Casualty is functional 24 x 7 in three shifts by a team of doctors, Nursing Personnel & Ward Attendants. Cases are being received from adjoining TamilNadu areas which envisages around 50 – 75 km from the Puducherry border. In addition, a team of doctors are available for each department round the clock inside the hospital to deliver Emergency Care to Inpatients as and when required. A specialist is on call for each Speciality on a particular day round the clock.

4. B. OUTPATIENT DEPARTMENT

On an average 3,500 patients attends to the outpatients services while 650 inpatients are attended in the wards besides 150 inpatients are admitted every day on an average.

A Registration Department with six counters is functional from 7.30 A.M. to 10.30 A.M. on all working days and between 7.30 A.M. to 9.00 A.M. on holidays. Separate counters are exclusively reserved for Senior Citizens, physically handicapped and for Government servants.

Special clinics Registration from 11.30 am to 1.00 pm

A team of Social Workers are permanently placed at this section for guiding the patients to the respective Outpatient Department and to provide wheel chairs, stretchers and trolleys for transportation of very sick patients.

Names of the Outpatient Departments are written in English and Tamil along with numbers for easy identification by the patients and they are displayed near the respective departments. Plan of OPD is kept in each floor to aid the patient.

Facilities for ECG, Minor Surgery, Physiotherapy, X-Ray facilities and Ultrasound are available in the outpatient block.

Recommended investigations are done in the Outpatient Department itself, where a Common Blood Collection Centre is available for Department of Biochemistry and Pathology.

Drugs are dispensed from three Pharmacy Counters for the convenience of patients and to avoid any undue delay in dispensing of drugs. Later this counters serve for Special Clinics.

ADMISSION COUNTER

Adjoining the Casualty there is a computerized admission counter. The Admission counter is available round the clock & it is manned by Statistical Officer with a team of Medical Record Clerks.

IDENTITY

Doctors wear white aprons with badges showing Name and Designation.

Nurses are in uniform with badges.

All staff members wear identity card in English showing Name and Designation.

5. AUXILIARY SERVICES

5. A. LAUNDRY

The Hospital has a Modern Steam Laundry at Gorimedu. The Laundry has modern equipments. The Laundry has 28 members headed by a Technical Supervisor(Laundry), and comprises of Technician (Laundry), Boiler Attendants, Store Keeper and Laundry Attendants. The Total No. of Linens washed per month are 17,000 to 19,000 pieces. Linens from various Hospitals are washed in the Laundry which includes IGGGH&PGI, Puducherry, IGGMC&H, Puducherry, GHCD, Gorimedu, ESI Hospital, Gorimedu, CHC, PHC & Sub Centres.

5. B. DIET

Diet Section functions from 6.30 A.M. to 6.30 p.m. daily.

Our Aim is to provide safe and nutritious food through careful planning, procurement and proper preparation and distribution of balanced diet to the inpatients.

Nearly 500 inpatients are supplied with 19 different types of food daily according to their disease.

Food is prepared hygienically in the Steam cooking range avoiding wastage and preserving the Nutrient contents of food materials with due care.

Diabetic patients, Cardiac patients, Geriatric patients and Renal disease patients are given advice regarding diet in the clinics and in the old age homes.

We supply Non-vegetarian Diet for all the inpatients for 3 days in a week and on other four days with vegetarian diet only.

5. C. HOSPITAL MAINTENANCE UNIT

A Electrical wing and a civil wing is functional in the Hospital premises to undertake Electrical & civil maintenance works. Each wing is headed by a Junior Engineer.

The Electrical wing comprises of a team of workers which include Foreman, Assistant Line Inspector, Wiremen and helper. The Civil Wing comprises of Fitter, Plumber, Painter, Workshop Attender and Carpenter.

The hospital has a power Back Up System in the event of Electrical failure. Four Generators give back up services to critical points which includes CT Scan, Operation Theatres, Intensive Medical Care Units, Intensive Coronary Care Units, Cath Lab, hemodialysis Unit, Post Operative Wards and Critical Care equipments.

Adequate water supply with three sumps and over head tanks is maintained. Periodic water samples are taken and sent for analysis and received reports are analysed and remedial measures taken. Periodic Chlorination and cleaning of tanks done. In addition, nearly 21 R.O. units are installed in various places inside hospital for safe water to all in the hospital.
